

Senior Backend Developer (JavaScript / Node.js) at CAEmate

We are offering an exciting opportunity for an experienced Backend Developer with a primary focus on JavaScript / Node.js to join our high-performing team.

About CAEmate

CAEmate is an Engineering Software company developing disruptive technologies for Monitoring and Predictive Maintenance of Infrastructures (bridges, viaducts, tunnels, slopes, buildings, wind towers). Our mission is to digitalize infrastructure while making it safer and smarter. We strive for safety, sustainability and innovation, and we are committed to fostering an engaging, innovative work environment.

Role Description

As a Senior Backend Developer, you will play a key role in designing and implementing complex software solutions, be involved in architectural high-level strategic decisions, participate in code reviews, and mentor other team members.

Key Responsibilities

- Develop and maintain best-in-class Node.js applications
- Participate in the whole lifecycle of the product - design, documentation, coding, testing, and release
- Contribute to system-wide architecture discussions, and make architecture decisions collaboratively
- Consistently produce clean, efficient code based on specifications
- Revise, update, refactor, and debug code

Your Profile

- Master's degree in Computer Science, Engineering or a related subject
- 5+ years of experience with Node.js and JavaScript
- Exceptional knowledge of asynchronous programming and its nuances
- Familiarity with other platform-level tools such as AWS, Docker, or Kubernetes

CAEmate S.r.l.

Via Alessandria Nr. 15
39100 Bolzano (BZ), Italy

www.caemate.com

- Excellent problem-solving skills and ability to work as part of a diverse team
- Familiarity with databases (SQL & NoSQL) and UI/UX design
- Strong performance tuning and troubleshooting skills
- Good command of written and spoken English.

Our Offer

- Young, dynamic team of engineers and developers
- Modern office within the NOI TechPark innovation campus
- Flat hierarchies with short communication channels and quick decisions
- Fulfilling, broad and varied field of tasks
- High-quality training and constructive feedback culture
- Latest high-tech gear for best performance and efficiency
- Immediately available full-time position with on-site approach
- Attractive compensation: 45k – 70k €/year depending on experience and skills
- Financial incentives based on jointly defined KPIs

Join Us

If you are ready to take the next step in your career by joining a team dedicated to safety, sustainability, and innovation, don't hesitate! Apply and start your journey with CAEmate today to make the infrastructure field safer and smarter.

CAEmate is proud to be an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.

Apply today and help us shape the future of the civil engineering industry!
