

# Mid-Level Frontend Developer (JavaScript) at CAEmate

Currently, we are in search of a mid-level Frontend Developer experienced in JavaScript who possesses a deep understanding of software architecture and development practices.

## About CAEmate

CAEmate is an Engineering Software company developing disruptive technologies for Monitoring and Predictive Maintenance of Infrastructures (bridges, viaducts, tunnels, slopes, buildings, wind towers). Our mission is to digitalize infrastructure while making it safer and smarter. We strive for safety, sustainability and innovation, and we are committed to fostering an engaging, innovative work environment.

## Role Description

As a key part of our skilled team, the successful candidate will independently contribute to the design and implementation of larger components or features, while also mentoring junior team members, when necessary.

## Key Responsibilities

- Design, develop, and implement user interface components using JavaScript.
- Optimize applications for maximum speed and scalability.
- Collaborate with back-end developers and web designers to improve usability.
- Understand product specification and translate designs and wireframes into high-quality code.
- Collaboratively work with UI/UX designers and backend engineers in an agile environment.

## Your Profile

- Bachelor's degree in Computer Science or a related field.
- At least 3 years of relevant experience in front-end development with JavaScript.

- Proficient in HTML, CSS, and JavaScript frameworks (e.g. React, Svelte, Vue).
- Deep understanding of software architecture and UX design.
- Familiarity with browser testing and debugging.
- Ability to perform well in a fast-paced environment.
- Excellent problem-solving skills and attention to detail.
- Good command of written and spoken English.

## Our Offer

- Young, dynamic team of engineers and developers
- Modern office within the NOI TechPark innovation campus
- Flat hierarchies with short communication channels and quick decisions
- Fulfilling, broad and varied field of tasks
- High-quality training and constructive feedback culture
- Latest high-tech gear for best performance and efficiency
- Immediately available full-time position with on-site approach
- Attractive compensation: 35k – 60k €/year depending on experience and skills
- Financial incentives based on jointly defined KPIs

## Join Us

If you are ready to take the next step in your career by joining a team dedicated to safety, sustainability, and innovation, don't hesitate! Apply and start your journey with CAEmate today to make the infrastructure field safer and smarter.

*CAEmate is proud to be an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.*

Apply today and help us shape the future of the civil engineering industry!
