

Senior Frontend Developer (JavaScript) at CAEmate

At CAEmate, we're on the lookout for a dedicated, results-oriented Senior Frontend Developer with expertise in JavaScript to join our dynamic multidisciplinary team.

About CAEmate

CAEmate is an Engineering Software company developing disruptive technologies for Monitoring and Predictive Maintenance of Infrastructures (bridges, viaducts, tunnels, slopes, buildings, wind towers). Our mission is to digitalize infrastructure while making it safer and smarter. We strive for safety, sustainability and innovation, and we are committed to fostering an engaging, innovative work environment.

Role Description

As a Senior Frontend Developer, you will shape the face of our advanced monitoring platforms, being responsible for designing, constructing, testing and deploying highly interactive, digital user interfaces.

Key Responsibilities

- Design, develop, test, maintain, and improve front-end software with focus on the optimal user experience.
- Utilize your expertise in JavaScript to build scalable, resilient, and secure applications.
- Develop and maintain UI/UX standards ensuring consistency and quality across all digital products.
- Collaboratively work with UI/UX designers and backend engineers in an agile environment.
- Contribute to architectural decisions, participate in code reviews and high-level strategic decisions.

Your Profile

- Master's Degree in Computer Science, Engineering or relevant field.
- Proven experience of 5+ years in a similar role.
- Expert knowledge and proficiency in JavaScript and modern JavaScript frameworks like React.js, Svelte.js or Vue.js.
- Experience with CSS, HTML, and additional front-end technologies.
- Strong grasp of development tools and best practices, such as Git, Agile methodologies, TDD, BDD etc.
- Familiarity with RESTful APIs and modern web markup, including HTML5 and CSS3.
- Excellent problem-solving skills, with a creative and analytical mind.
- Good command of written and spoken English.

Our Offer

- Young, dynamic team of engineers and developers
- Modern office within the NOI TechPark innovation campus
- Flat hierarchies with short communication channels and quick decisions
- Fulfilling, broad and varied field of tasks
- High-quality training and constructive feedback culture
- Latest high-tech gear for best performance and efficiency
- Immediately available full-time position with on-site approach
- Attractive compensation: 45k – 70k €/year depending on experience and skills
- Financial incentives based on jointly defined KPIs
