- Preparing monthly/quarterly/annual active and passive cash flow reports.
- Developing a budgeting and management control system that aligns with the reporting needs of the Functional Departments.
- Carefully monitoring KPIs (Key Performance Indicators) and developing detailed management reports.
- Building a strong relationship with lending institutions.
- Preparing financial statements under the supervision of the appointed accounting firm.
- Setting up business performance documentation consistent with accounting, statutory, and tax regulations.
- Handling a variety of financial reporting tasks, including invoicing and payrolls.

Your Profile

- Master's degree in the finance or business field, MBA, or equivalent degree
- At least 5 years of professional experience in accounting and administrative activities
- Comprehensive knowledge of general accounting and national accounting standards
- Proven experience in budget drafting and financial management
- Familiarity with major office applications and specific accounting and management software programs such as ERP systems
- Excellent communication skills and a collaborative approach
- Flexibility and proactivity in handling tasks and projects

Our Offer

- Young, dynamic team of engineers and developers
- Modern office within the NOI TechPark innovation campus
- Flat hierarchies with short communication channels and quick decisions
- Fulfilling, broad and varied field of tasks
- High-quality training and constructive feedback culture
- Latest high-tech gear for best performance and efficiency
- Immediately available full-time position with on-site approach
- Attractive compensation: 30k – 60k €/year depending on experience and skills
- Financial incentives based on jointly defined KPIs
